---

### Historical Background

The **Voiles de Légende – Dunkerque 2025** is a grand gathering of legendary sailing ships from across Europe, celebrating maritime history and seamanship. Held in the historic port city of **Dunkerque, France**, this festival revives the spirit of traditional navigation, echoing centuries of transatlantic exploration, trade, and naval tradition.

To mark this unique event, the **Radio Club de l'Agglomération Dunkerquoise (F8KGS)** is activating the special callsign **TM5VDL**, offering amateur radio operators worldwide a chance to participate in the festivities over the airwaves.

Join us on the bands to celebrate this maritime legacy — and earn your commemorative certificate in the process!
