

Hellenic Naval Amateur Radio Club - HNARC

### **“HNARC Establishment Award, 2021**

To commemorate the establishment of the club, a special HNARC Establishment Award has been created. Until the end of 2021, HNARC members will be heard on the bands and a downloadable award can be earned by contacting member stations.

Each QSO counts for one (1) point and ten (10) points are required for the award. Additional points can be earned with QSOs in other modes and bands.

If your QSO does not appear in the log, please send us an email not earlier than a week after the QSO has been made.

Among other events, we plan to take part in the International Naval Contest and other Naval activities.
