

# VE9CF Award Rules

## 1. Objective

To promote amateur radio activity by making two-way contacts with station VE9CF across a variety of bands and modes.

## 2. Eligibility

All licensed amateur radio operators worldwide are eligible to participate.

## 3. Valid Contacts

Bands: Any legal amateur radio band.

Modes: Any mode (e.g., SSB, CW, FT8, FM, etc.).

Repeaters: Contacts made through repeaters are allowed and count toward the award.

## 4. Contact Limits

To encourage consistent activity, the following limit applies:

Maximum of one contact per band, per mode, per day.

Example: You can log a 20m SSB contact and a 20m FT8 contact on the same day, but a second 20m SSB contact will not count until the next calendar day (UTC).

## 5. Award Levels

Certificates are issued for reaching the following contact milestones:

10 Contacts

25 Contacts

100 Contacts

250 Contacts

500 Contacts
