

## Diploma ITU 160

On the occasion of the 160th anniversary of the founding of the ITU, the FRR established the anniversary diploma "ITU - 160". To obtain **the bronze class diploma**, it is necessary to make at least **2** QSOs with the special station YO160ITU in 2 different bands. For **the silver class**, **3** QSOs with the special station YO160ITU in 3 different bands are required, and for **the gold class**, **4** QSOs with the special station YO160ITU in 4 different bands are required.

The SES **YO160ITU** will be active during the period May 16-23, 2025.

All authorized frequencies can be used, including those on satellites for amateur radio traffic.

The diploma can be downloaded from [hamlog.online](http://hamlog.online)
