

"100 years since the first amateur radio activity in Romania"

On this occasion, the amateur radio section of CSM Craiova issues an anniversary diploma.

The diploma is awarded for at least 3 QSOs with the special station YR100RC in different bands .

The accepted modes are: CW, PH, MX or DG (all digital modes!) in the authorized bands and on satellites in the amateur service.

The special callsign YR100RC will be active between March 16 and September 30, 2026.

Activators can obtain a diploma by working and uploading logs with at least 250 QSOs.

Diplomas in electronic format are free and can be obtained directly from [hamlog.online](http://hamlog.online)
