

OS23SOM SPECIAL OLYMPICS AWARD RULES

At the occasion of the Special Olympic regional games held in Mechelen members of the UBA Mechelen division will activate the special event station OS23SOM throughout the month of May 2023.

The station will be active on HF, VHF and possibly UHF using all regular modes. A free commemorative certificate will be offered for working OS23SOM in different band/mode slots. It should be noted that all digital modes will be considered as a single mode, i.e. RTTY, FT8, PS63, FT4, PSK31, etc will count for one digi mode towards the certificate.

The award will be available in three classes:

- Bronze for working OS23SOM in three different band/mode slots;
- Silver for working OS23SOM in five different band/mode slots;
- Gold for working OS23SOM in seven different band/mode slots;

Logsearch and award download will be provided by hamlog.online (exact link will be made public when available)

SWLs may apply after May 31st '23 by sending their log extract to on4cas@uba.be
