

UBA IARU 100 AWARDS

UBA IARU 100 – POINTS AWARD

The UBA IARU 100 Points Award is available for working the special event stations ON100I, ON100A, ON100R, ON100U, OO100I, OO100A, OO100R, OO100U, OP100I, OP100A, OP100R, OP100U, OQ100I, OQ100A, OQ100R, OQ100U, OR100I, OR100A, OR100R, OR100U, OS100I, OS100A, OS100R, OS100U, OT100I, OT100A, OT100R, OT100U, OQ0IARU and OR0IARU in different band/mode slots. All HF/VHF/UHF bands may be used, including contacts via the QO-100 satellite. However, contacts via terrestrial repeaters or QSOs relayed via the internet (D-STAR reflectors, DMR talkgroups, Echolink, etc.) do not count towards the awards.

Points Table

QSO in...	CW	Phone	DIGI
Points per band	2	2	1

Note that all digital modes (RTTY, PSK31, FT8, PSK63, FT4, etc.) are considered as one single digimode, i.e. no additional points can be obtained by working a station on different digital modes on a single band.

- Example:
OO100A 10m CW + OP100U 15m SSB + OO100A 10m RTTY + OS100R 80m CW + OS100I 80m CW + OS100I 80m SSB + OR0IARU 15m FT8 + OR0IARU 15m PSK63 + OQ0IARU 2m FM + OQ100R 40m SSB + ON100A 160m SSB + OT100U QO-100 FT4 = 19 points

Award Classes

Award Class	Bronze	Silver	Gold	Diamond	Platin	Extreme
Points required	50	100	150	200	250	300

UBA IARU 100 – STATIONS AWARD

The UBA IARU 100 Stations Award is available for working different special event stations ON100I, ON100A, ON100R, ON100U, OO100I, OO100A, OO100R, OO100U, OP100I, OP100A, OP100R, OP100U, OQ100I, OQ100A, OQ100R, OQ100U, OR100I, OR100A, OR100R, OR100U, OS100I, OS100A, OS100R, OS100U, OT100I, OT100A, OT100R, OT100U, OQ0IARU and OR0IARU. Every callsign counts once, regardless of bands or modes. All HF/VHF/UHF bands may be used, including contacts via the QO-100 satellite. However, contacts via terrestrial repeaters or QSOs relayed via the internet (D-STAR reflectors, DMR talkgroups, Echolink, etc.) do not count towards the awards.

Award Class	Bronze	Silver	Gold	Diamond	Platin	Master
Number of different stations worked	5	10	15	20	25	all 30

UBA IARU 100 – TRIPLE PLAY

The UBA IARU 100 Stations Award is available for working OQ0IARU and OR0IARU. Both stations have to be worked on three different bands and in three different modes (CW, Phone & DIGI).

- Examples:
 - OQ0IARU worked on 60m FT8, 40m CW, 17m SSB + OR0IARU on 80m RTTY, 15m CW, 12m SSB (each station on 3 bands and 3 modes)
 - OQ0IARU worked on 2m FM, QO-100 SSB, 160m CW + OR0IARU on 20m CW, 20m SSB, 6m FT8, 10m CW (each station on 3 bands and 3 modes)
 - OQ0IARU worked on 70cm SSB, 80m SSB, 40m SSB, 80m CW, 40m FT8 + OR0IARU on 160m FT8, 160m CW, 40m SSB, 60m FT8 (each station on 3 bands and 3 modes)

All HF/VHF/UHF bands may be used, including contacts via the QO-100 satellite. However, contacts via terrestrial repeaters or QSOs relayed via the internet (D-STAR reflectors, DMR talkgroups, Echolink, etc.) do not count towards the awards. Note that all digital modes (RTTY, PSK31, FT8, PSK63, FT4, etc.) are considered as one single digimode,

The image features a large, faint watermark of the UBA logo. The logo consists of the letters 'UBA' in a large, blue, sans-serif font, centered within a white diamond shape. Below the diamond, there is a stylized graphic of a radio antenna with a coiled spring and a horizontal base. The entire watermark is semi-transparent and serves as a background for the lower half of the page.
